

## CONFEDERATION OF INDUSTRY OF THE CZECH REPUBLIC

---

In accordance with the relevant Articles of Association, the approved Strategy of the Confederation of Industry of the Czech Republic for 2008-2011, and the valid payment schedule, the Confederation offers to its members, member associations and observers the services shown below as part of their membership subscriptions:

- Asserting demands to improve conditions for business in accordance with specific recommendations from the associations and companies, advocating that these be taken up as legislative measures and amendments, as well as promoting these in meetings with pertinent ministries and other institutions.
- Representing and promoting employers' interests in tripartite negotiations.
- Consulting with or representing members in collective bargaining.
- Defining common opinions of Confederation members and presenting these to the public.
- Sending free of charge SPektrum, the Confederation's newsletter.
- Sending electronically and free of charge SP-info (information updates issued between individual issues of SPektrum).
- Information service that includes searching for: trade opportunities, queries from prospective foreign partners interested in manufacturing co-operation, queries from potential strategic partners and others.
- Information services regarding international trade shows, conferences and like events.
- EU information service.
- Representing the interests of employers and enterprises within such international organisations as ILO, BIAC and BUSINESSEUROPE.
- Consulting and information on penetrating third markets, international co-operation, investment projects, and so forth.
- Presenting your company and members in both Czech and English versions of the SP CR website.
- Providing services offered by the SP CR office in Brussels and CEBRE (Czech Business Representation in Brussels).
- Presenting members at foreign trade shows and exhibitions (according to industry), at the International Engineering Fair in Brno, and at the Confederation's independent events both domestically and abroad.
- Consulting individually in the areas of economic and environmental policy, industrial labour relations, and such external relations as co-operation with the international organisations BIAC, IOE and BUSINESSEUROPE, individual contacts with partner employers associations in the EU and other members.
- Offers and organisation for representatives from your company or members of your organisation to participate in trade missions.
