

We are a Romanian company producing and distributing textiles,  
with over **20 years of experience** in apparel industry.

In these difficult times, we have chosen to invest all the resources  
of the company in the development of **innovative products** to support  
the current needs of the market.

While adjusting to the present global situation, **we have adapted all the  
capacity of our own production facilities** towards the manufacturing  
masks and other protection products.
