### NOTIFICATION

The following notification is being circulated in accordance with Article 10.6

|   |
|---|
| <b>1. Notifying Member:</b> <u>CHINA</u><br><b>If applicable, name of local government involved (Article 3.2 and 7.2):</b>  |
| <b>2. Agency responsible:</b> Standardization Administration of China (SAC)<br><b>Name and address (including telephone and fax numbers, email and website addresses, if available) of agency or authority designated to handle comments regarding the notification shall be indicated if different from above:</b>   |
| <b>3. Notified under Article 2.9.2 [X], 2.10.1 [ ], 5.6.2 [ ], 5.7.1 [ ], other:</b>  |
| <b>4. Products covered (HS or CCN where applicable, otherwise national tariff heading. ICS numbers may be provided in addition, where applicable):</b> LED products for indoor lighting; - Other electric lamps and lighting fittings (HS 940540). Energy and heat transfer engineering in general (ICS 27.010)   |
| <b>5. Title, number of pages and language(s) of the notified document:</b> National Standards of the P.R.C., Minimum Allowable Values of Energy Efficiency and Energy Efficiency Grades of LED Products for Indoor Lighting (5 page(s), in Chinese)   |
| <b>6. Description of content:</b> The standard specifies the limit values of energy efficiency, energy efficiency grades, and test methods of LED downlights, directional integrated LED lamps and non-directional self-ballasted LED lamps for indoor lighting.<br><br>The standard applies to LED downlights, with LED light source, rated power supply voltage of below AC 250V, frequency of 50Hz, rated power of 2W and above, beam angle >60°, excluding LED downlights using integrated LED lights.<br><br>The standard applies to directional integrated LED lamps from PAR16, PAR20, PAR30, PAR38 series with rated power supply voltage of AC 220V, frequency of 50Hz and lamp caps fitting the requirements of GU10, B22, E14 or E27.<br><br>The standard applies to non-directional self-ballasted LED lamps with rated power supply voltage of AC 220V, frequency of 50Hz, and rated power of 2W to 60W, excluding non-directional self-ballasted LED lamps with additional optical lens design.<br><br>The standard does not apply to LED products for indoor lighting with energy-consuming non-lighting additional functions or dimming/toning functions. |
| <b>7. Objective and rationale, including the nature of urgent problems where applicable:</b> Protection of the environment  |
| <b>8. Relevant documents:</b> -   |
| <b>9. Proposed date of adoption:</b> 90 days after circulation by the WTO Secretariat<br><b>Proposed date of entry into force:</b> 6 months after adoption  |

**10. Final date for comments:** 60 days from notification

**11. Texts available from: National enquiry point [X] or address, telephone and fax numbers and email and website addresses, if available, of other body:**
