<b>3. Notified under Article 2.9.2 [X], 2.10.1 [ ], 5.6.2 [ ], 5.7.1 [ ], other:</b>
<b>4. Products covered (HS or CCCN where applicable, otherwise national tariff heading. ICS numbers may be provided in addition, where applicable):</b> Urban and road transport
<b>5. Title, number of pages and language(s) of the notified document:</b> Communiqué on TS ISO 9981 Belt Drive - Pulleys and V Belts for Automotive Industries - PK Profile: Dimensions for the Assemblies Standard
<b>6. Description of content:</b> This standard covers the main dimensional characteristics of combed V pulley groove profiles used with PK profiled, combed, endless V belts for automotive auxiliary drive applications.  The arrangement of combed V belts and pulleys on PH, PJ, PK, PL and PM profiles for industrial and non-automotive applications is the subject of the ISO 9982 "Belt drive - pulleys and V-belts for industrial applications - PH, PJ, PK, PL and PM profiles: dimensions" standard. The dimensions and tolerances of the PK belt profile are the same in both international standards.
<b>7. Objective and rationale, including the nature of urgent problems where applicable:</b> Other; The purpose of this communiqué is to identify issues related to the implementation of application of TS ISO 9981 (August 2015) "Belt drive - pulleys and V-belts for automotive industries - PK profile: dimensions" standard.

**8. Relevant documents:**

- ISO 9981 "Belt drive - pulleys and V-belts for automotive industries - PK profile: dimensions" standard.

**9. Proposed date of adoption:** The regulation will be adopted upon its publication.

**Proposed date of entry into force:** The regulation will enter into force 6 months after its publication.

**10. Final date for comments:** 60 days from notification

**11. Texts available from: National enquiry point [X] or address, telephone and fax numbers and email and website addresses, if available, of other body:**
