OMAN AGROFOOD 2026 SUPPORTING OMAN VISION 2040

Oman AgroFood 2026, the 8th International Agriculture, Food, Fisheries and Aquaculture Exhibition, will take place from **1 - 3 December 2026** at the Oman Convention & Exhibition Centre, serving as the Sultanate's leading B2B platform for the agri-food sector.

Aligned with **Oman Vision 2040,** the exhibition supports national priorities to strengthen food security, expand local production, and develop sustainable, value-added agri-food industries. Oman AgroFood 2026 brings together local and international stakeholders across agriculture, food production, food processing, fisheries, aquaculture, and related technologies.

Held concurrently with **4P Oman,** the International Exhibition for Processing, Packaging, Printing, and Paper, the event connects agri-food production with processing, packaging, and industrial solutions, offering an integrated agri-food value chain platform.

OMAN'S AGRI-FOOD MARKET: INVESTMENT OPPORTUNITIES & SUSTAINABLE GROWTH

Oman's agri-food market presents expanding investment opportunities across agriculture, food processing, fisheries, and aquaculture sectors, supported by proactive government initiatives and a transparent regulatory framework in Oman. National development programs are accelerating private-sector investment, agri-tech innovation, food security strategies, and sustainable farming practices across the entire agri-food value chain.

With a strategic focus on downstream industrial development, food supply chain integration, import substitution, and value-added food production, Oman's agri-food industry is building a competitive business environment for local and international companies seeking long-term growth, market expansion, and strategic partnerships in the GCC region.

SPECIAL FEATURES AT OMAN AGROFOOD 2026

CONCURRENT EVENT

4P OMAN
PACKAGING
PROCESSING
PRINTING
PLASTICS

4P Oman is the Sultanate's dedicated international trade exhibition for processing, packaging, printing, and paper technologies, bringing together technology providers, manufacturers, and solution specialists serving the food manufacturing, agriculture, and industrial sectors across the GCC and Middle East. The exhibition showcases advanced processing and packaging solutions that enhance operational efficiency, sustainability, and value creation across production-focused industries.

B2B MATCHMAKING PLATFORM

The event features a digital B2B matchmaking platform designed to connect exhibitors and buyers, facilitate pre-scheduled meetings, and generate qualified business leads before and during the exhibition, creating measurable commercial opportunities for participants.

THE ORGANIZERS

IFP Group is the Middle East's leading trade fair and conference organizer, with over 45 years of industry experience and more than 660 international exhibitions recognized worldwide.

IFP Group delivers the region's premier B2B trade exhibitions, serving as ideal platforms for international and local companies operating in the Middle East, GCC, and North Africa, and seeking exposure to key regional buyers and decision-makers.

Al Nimr Expo organizes some of Oman's top international trade exhibitions and conferences that provide unparalleled networking and business opportunities for companies looking to excel and grow within the Sultanate. Our portfolio of award-winning exhibitions and conferences span across key industry sectors such as Construction & Building, Engineering, Machinery, Interior Décor, Design, Furniture, Communications, Education, Agriculture, and Fisheries.

Apart from conducting quality and high-profile B2B trade fairs, country-specific shows, corporate events, conferences, events management, and festivals, we also provide complete marketing tools and exhibition solutions to our valued exhibitors.

ABOUT THE VENUE

OMAN CONVENTION AND EXHIBITION CENTRE

The Oman Convention & Exhibition Centre is located in its own fully integrated precinct only four kilometers from Muscat International Airport. Architecturally advanced in design and capability, this world-class venue is amongst the first to be built to meet the rigorous LEED certification by the U.S. Green Building Council. The Centre ensures a flow of meeting spaces to suit the most discerning conference and exhibition organizers. It also incorporates expansive concourse areas to enable ease of large delegations with floor to ceiling windows overlooking landscaped gardens and water features.
